

IN THE SPECIFICATION

The DECISION *SUA SPONTE* advises that “the specifications need to be updated to reflect the changes to Col. 12 of the patent made via certificate of correction.” The DECISION *SUA SPONTE* (at page 4) further notes that the changes made via certificate of correction should be indicated “**without** any bracketing and underlining since the changes are not being made via the reissue application or the reexamination proceeding.” Applicant accordingly requests the Office amend the specification at Col. 12 lines 26-27 to read as follows:

(C) providing to said tobacco smoker lobelia in an amount effective to aid in the reduction or

Applicant accordingly requests the Office amend the specification at Col. 12 line 45 to read as follows:

(C) lobelia in an amount effective to aid in
